## LUNCHEON UNDER AUSPICES OF WOMAN'S CLUB

Monday noon, at the K. of P. hall, the second luncheon for the members of the Lordsburg Chamber of Commerce was given by the Lordsburg Woman's club. Twenty-five men were in attendance.

An excellent luncheon was given consisting of sandwiches, salad, pickles and olives, coffee and pie. The ladies worked hard to make the meal a success and certainly made good. Their kindness was acknowledged in many ways by those attending, both in the way the food was stowed away and in the compliments extended afterward.

J. H. Fitzpatrick was toastmaster for the after-dinner talks. City Attorney A. W. Morningstar gave an explanation of the occupation tax law, quoting the New Mexico statutes. This was done in order that the business men would more fully understand the position of the city in collecting these licenses and so that the members could inform others. Mr. Morningstar went into detail and left no point untouched. His talk will have much effect in the future occupation license collection and discussion.

## Hippodrome Shows Here Wednesday

The troupe of clowns carried by the Christy shows this year are the pick from the biggest shows in this country; if you don't feel good, visit the show. The clowns will wake you up.

One of the undisputed features with the Christy shows playing here Wednesday, April 2nd, is Prof. Pearley, Sandow's only rival. This muscular giant pulls the combined strength of sixteen men selected from the audience at every performance; a miracle only ever duplicated by Sandow. Don't fail to see the perfection of muscular development.

Golden's Peerless Military Ponies show almost human intelligence, prancing, dancing and waltzing, through their numerous difficult tests; years of patient training has finally developed this group of little beauties into the finest troupe of performers in the country; they are certainly a great delight to the kiddies in every city visited by the Christy shows; every child visiting the shows will be allowed to ride one of the ponies free of charge.

The Peasley family of aerialists five in number, present a series of sensationalism in the lofty peaks of the big canvas, causing many to gasp as their lythe bodies fly through the air as nimbly as so many birds.

## City Election Come On Tuesday, April 2

Citizens Ticket in the Field—Only One Name to be Eliminated

For Mayor—George Hannar. For Clerk—Earle Kerr. A choice of four of the following men for councilmen—John Robson, E. M. Fisher, G. P. Jeffus, E. M. Luckie, Peter Jockem.

This will be the ticket to be voted upon Tuesday, April 2nd, at the justice of the peace office here. The ballots have been closed and no further nominations may be placed upon the ticket according to the New Mexico Australian ballot system. The voting will be done in booths and official ballots will be handed the voters when they enter the compartments. The old style of voting other people is done away with now.

One of the regrettable features or the election is that all of the men on the ticket for councilmen cannot be elected. Some one man has to be left out. Every candidate is good and true to the city. All five of them would make good trustees. The ticket is non-partisan and only for the interest of Lordsburg.

Let every citizen go to the polls on Tuesday and cast his ballot for those four men which he may feel to be the more qualified.

## Road Meeting in El Paso

J. H. Fitzpatrick will represent the Lordsburg Chamber of Commerce at El Paso Friday at a meeting of Borderland Highway enthusiasts from all sections of the southwest.

Opello and Whitman Chocolates, fresh at the Owl Club. Geo. O'Connell, Manager.

This war is teaching moderation in all things except the use of ciphers behind dollar marks and figures.

## Parks Case Has Not Yet Gone to Jury

Case Still Being Argued—Will Likely Go to Jury by Thursday Night

In the case of the State vs. John and Charles Parks of Hachita for the murder of "Red" Schrimsher, a telephone message from Silver City Thursday evening stated that the case was still being argued and would likely go to the jury Thursday night or Friday morning.

This has been one of the hardest fought cases in the Grant county courts in many years.

The Hunt case will follow the Parks trial.

## Change Time Saturday Night

When you go to bed Saturday night run your watch up an hour and when you get up Sunday morning you will have the right time. If you fail to push the hands around sixty minutes you will be an hour late for church or for breakfast or wherever you go. At 2 a. m. Sunday the United States jumps an hour ahead. From that time on thousands of tons of coal and other fuel will be saved by conserving energy, heat and artificial light. The change will be made by the government as a war measure and must be observed by one and all.

Two Mexicans were given 90 day sentences by Justice Marsalis for the theft of several pairs of trousers from the Eagle Drug Mercantile Company this afternoon. Constable Allen apprehended the men.

A. E. Brother was fined \$50 for carrying a pistol. He was arrested Wednesday night by Deputy Lee Wright.

The First National Bank of this city was notified today that it had been designated as a government depository by the Federal Reserve Bank at Dallas.

## Local Teams are in Big W. S. S. Drive

Victory Squad Working—Kaiser Chasers Selling Many Stamps—Interest Keen

If anyone in Lordsburg gets away without buying his or her share of War Savings Stamps it will not be the fault of the two committees of the Chamber of Commerce working in a contest to sell the largest number of stamps and certificates here.

Under the captainship of John L. Augustine and J. B. Castleman the two teams of fifteen members each got busy Monday. Mr. Augustine's body of men call themselves the "Victory Squad." The other team is without a name so far, but is working hard, nevertheless.

Next week the names of the team workers will be printed. This week have your cash prepared for the W. S. S. drive.

## Eagle Drug Gives W. S. S. Space

The contributor of the War Savings Stamp advertisement this week is the Eagle Drug Mercantile Company. Their ad will be found on page four. It is one of the best ads. of the W. S. S. series and tells all about the stamps, their sale and their purpose.

The advertisement is purely a patriotic contribution to this great cause and should be read by every subscriber.

## Falls From Wagon and is Killed

James Bogart, an employee of the Corralitas Cattle Company, fell from a company wagon in which he was hauling cotton seed cake Wednesday night near the Hardin ranch on the Duncan road and was killed. The wagon evidently passed over the body. An automobile party passing later on discovered the man lying in the road and friends here were notified. The remains were brought in about midnight.

One supposition is that Bogart was walking along the road and a passing automobile hit him. This however is not confirmed.

## Death of Henry Robertson

Henry Robertson, aged 64 years, and for about ten months a resident of this city, died Monday at his quarters here and was buried in the Shakespeare cemetery Tuesday afternoon. Mr. Robertson was a registered pharmacist of Kansas and was here with his son, Karl. He is survived by a widow and three children, a son, Karl, being the only relative here at the time of his death. The Masonic and other lodges of which Mr. Robertson was at one time a member assisted at the burial.

## Bienemann Preparations Widely Advertised

If all the people of southern Grant county do not know about Shi-Nu-Er polish it will not be the fault of the Bienemann Manufacturing Company of El Paso. Mr. Bienemann and assistant have been in this vicinity for the past week advertising his preparations and placing them for sale with the local merchants.

The company manufactures all classes of polish, disinfectants and floor oils. It is an El Paso concern and the money is kept in the southwest.

Giving his attention to the business a large trade is being built up throughout this section by Mr. Bienemann.

An advertising contract has been closed by the company with the Western Liberal, the first ads of which appear in this issue.

## Watson Meat Market Opens Friday

E. M. Watson, for four years in the Clifton district and six years prior to that time a meat dealer in El Paso, will open the new meat market in The Roberts & Leahy Mercantile Company's store Friday. The market has been remodeled and new fixtures installed. Mr. Watson has leased the space and will conduct the market separate from the store. Deliveries, however, will be made with the regular deliveries from this store.

Mr. Watson comes highly recommended from Clifton and El Paso and should do well in his enterprise here.

The manufacture of 50,000 one-inch and 25,000 two-inch iron corner posts which are to be used in monumenting public land surveys the coming season, is nearing completion, and their shipment to central depots in each surveying district, or direct to the field outfitting stations, is being made. Three-inch posts in sufficient number to meet the needs this season are already on hand at the central depots.

## THRILLING TALK BY DR. PERRY THURSDAY EV.

Lordsburg was thrilled and r to enthusiasm such as has never displayed here before at the i of Dr. Frederick Perry at the theatre on Thursday night.

Dr. Perry spoke here under auspices of the War Y. M. C. A., no admission was charged or any nations asked. Manager Brief of ti Star theatre gave the hall free to th committee, although Thursday wa: one of his best nights.

Dr. Perry spoke to a packed house and every person in the audience came away with the better and clearer understanding of America's position in the great war and what our responsibilities are at home. Dr. Perry has been with the American expeditionary troops in France and knows whereof he speaks. His recitation of conditions as they exist in Belgium and the occupied territory in France stirred his hearers to the boiling point. He put every word home to the hearts of his audience and made each one feel a stern realization of what the war means. Persons who have been heretofore indifferent as to their part in the Y. M. C. A., Red Cross and other work came away converted workers.

Lordsburg appreciates the rousing address delivered by Dr. Perry and wishes him success in his work. More men like him are good for the country and the best remedy for a bunch of pacifists would be to put them in a Perry audience. They would come away with different views or "interment would be held at the home," etc.

## NEW MEXICO SOLDIER DROWNED AT LA JOLLA

Word was received here on last Saturday by Miss Ada Harvey of the local high school that her brother, Sgt. Robert Harvey, had been drowned while swimming in the ocean near La Jolla, Calif., on Friday.

Miss Harvey left immediately for Santa Fe, N. M., where the body was brought for interment.

Sergeant Harvey was formerly a member of the First New Mexico infantry. He enlisted when the regiment was stationed here and went to Camp Kearny, Linda Vista, Calif., with it. In the breaking up of the regiment before its assimilation by the Fortieth division he was assigned to the 115th police, under command of Col. E. C. Abbott.

The body was taken to Santa Fe for burial. Another brother, Eugene, a member of an engineer regiment stationed at Camp Kearny, accompanied the body.

Sergeant Harvey was a son of Robert and Leah Harvey, both of whom are dead. Besides the two brothers, a sister, Miss Ada Harvey, survives.

## CHICAGO CUBS AT DEMING

The Camp Cody boys who are bringing the Chicago Cubs to Deming for exhibition games on April 6th and 7th have asked the Western Liberal to announce this fact. There will be a big time at Deming and outsiders will be admitted to the camp to see the games. Teams from Santa Rita and Camp Cody will oppose the Cubs.

## RED CROSS.

The Lordsburg Branch of the Red Cross Chapter has decided to enter the contest for a fifty dollar cash prize offered by the Union Exchange Bank of Silver City for the branch sending in the largest number of knitted garments by July 1st.

Fifteen pairs of pajamas and ten pairs of socks were sent to Silver City from the local branch this week.

## The Parcel Post Sale a Big Success

The Junior Red Cross wishes to thank everybody who patronized the parcel post sale Saturday afternoon at the Vendome Hotel. Forty-three dollars and thirty-five cents was taken in from the sale and \$8.85 was donated, making a total of \$52.20.

This money is being used in the domestic science department to make garments for the suffering Belgian and French children.

MILDRED TRIMBLE, Chairman. FANNIE LOZAR, Vice Chairman. Treasurer.

## Viola Dana Next Thursday

Viola Dana, one of Lordsburg's screen favorites will be seen at the Star theatre next Thursday night in "God's Law and Man's." This is a Metro drama in five parts. From the appearance of the announcements of this feature it is one of the best Viola Dana has appeared in.

The Sunday night Vitagraph features will be resumed a week from Sunday. The Saturday night show this week will be continued a week from Saturday. Next week the usual attractions will be shown nightly beginning Tuesday.

Freight congestion must be in the nature of national indigestion.
